Motion carried

Applicant unit presentation

Brown's Company of Artillery

New applicant unit, sponsored by Crane's Artillery, presented by Ellie Hutchinson
Greg Webster, Commander of Browns' to speak about the unit.

Started off as Civil War unit; Jenn Toth turned them on to Rev War.

Purchased a barrel and built own carriage

2 Members of the unit carry MA Certificates of Competency to fire a cannon

I picked Browns' because it's a Family name but of no direct relation.

Originally Served in New York. Formed in New Haven CT.

Questions from the Floor:

Who Made the Gun? Iron with steel sleeve. Anaconda Foundry in Montana.

Who did the iron work: Greg did all carriage iron work himself form pieces he was able to find that best fit what was used at the time

Do you have any media presence? We have a Facebook page

<https://www.facebook.com/groups/brownscompanyartillery>

What type of guns do you have? Howitzer and Mortar

Group is being presented as an applicant unit

They are to field for 1 year as applicant.

Applicant member for 1 year before being considered for full membership

Vote for full membership will be at the 2022 Annual Meeting

34th Annual Meeting of the Continental Line
Meeting Minutes
January 9, 2021

**Tally for the vote to accept the 2020 Annual Meeting Minutes are as follows:
56 Yay; 0 Nay; 3 Abstain**

Old Business

- What is the progress status of combine BB, CL BAR of safety guidelines?
 - Ellie Hutchinson: A harmonized guidelines was sent to Chairmen of BB, CL & BAR
 - Chairmen: The copy that was received was viewed by one member of the E Board and it will be reviewed by others in the new future

New Business

- Procedural Name Change. Lexington Training Band to Lexington Minute Men
 - No vote is needed for this change
- Is it reasonable for the CL to purchase a subscription virtual meeting platform such as Zoom
 - Yes, this can be used for department and annual meeting going forward
 - Be careful of money. Money may not always be there, is there anything free?
 - Zoom has a yearly fee, might have non-profit pricing
 - The organization currently has MS Teams for free.
 - It is the enterprise version so therefore it does not have time limits
 - The E-Board will look at multiple platforms.
- Will a 250th Committee be created at a national level?
 - Looking to Departments to have their own committees, they will select the events and bring them to the line
- We will be adding educational presence on our website
 - Is there any interest in creating a CL Speaker Series?
- No additional business

34th Annual Meeting of the Continental Line
Meeting Minutes
January 9, 2021

Meeting Minutes

January 9, 2021

ATTACHMENT A

Chairmen's Opening Remarks

Good morning and welcome to the first ever virtual continental line annual meeting. When I accepted the position a year ago no one even myself could imagine we would find ourselves here today staring at one another on computer screens, phone screens and smart devices or even on a big screen TV way up in New York State! I had high hopes for the coming year as many of you had. Despite the absence of the normal reenacting year many units and individuals found ways to fill the voids, whether it was through research and writing and of course sharing, posting images of past events challenges on social media platforms or a simple bicentennial postcard in the mail. We all found ways to stay connected to our past and to each other. The coming I hope will bring renewed spirit in our hobby and our lives and that we can once again come together on the field and in formal meeting in the coming year.

I would like to thank you all for your patience and understanding as the board navigated and continues to navigate uncharted waters for this organization with regards to the virtual format. Our goal was to and still is to provide the easiest and freest form of gathering that could be undertaken. I would like to thank the Board, Tom, David and Erik the department chairs for their resourcefulness in serving their departments this past year and the line as whole and for the support they have provided to the chair this past year as well, to Mitch for his continued expertise as treasurer to Ellie our past chair and her wisdom as well as the other past Chairs who have reached out with words of advice or simple word of encouragement such glad it isn't me! But seriously thank you. To Dana our Adjutant who wears the webmaster hat as well, Hard at work at all hours of the day to prepare for the meeting, correspond with member units assist in tech and website concerns especially in the past two very busy and fast weeks. To those who have stepped up and provided suggestions and advice from experience in holding virtual meetings it was and is much appreciated and to the JC who spent countless hours aiding and assisting member units on how to navigate the ZOOM platform thank you. Last but not least to member Kathy Pasko and her Husband Bill who we have to thank for the Use of the ZOOM platform we are all using today. Kathy offered the use and the technically support of both her and her husband to which I and the board are indebted.

So without further ado welcome to the 2021 Continental line meeting!

Steve Santucci 1/09/2021

34th Annual Meeting of the Continental Line
Meeting Minutes
January 9, 2021
ATTACHMENT C
Adjutant's Report

Census and Insurance information

- 44 Units have completed their 2021 Census
- 38 Units have not completed their 2021 Census
- 22 Units with Expired Insurance

Projects in progress

- Obtaining and archiving corporate documents. Such as Articles of Incorporation, certificate of good standing, etc.
- Operations Guide for each of the positions. Living breathing document to help guide incoming E Board Members with their duties.
- Ensure we are fulfilling our 501c3 obligation to educate the public and our membership. Working closely with the Chairmen to provide education content which we can distribute to the general public and our members.

Upcoming projects

- Ensuring that the unit's name is on the unit's certificate of insurance. A major effort was taken on 14+ years ago to ensure that each unit had their name on their certificate of insurance. This is not to say member units don't have insurance; however, they may need to add a DBA to the insurance certificate.

Webmaster's Report

The CL web site has seen a lot of new traffic over the past year as you can see from the table below.

	Unique Visitors	Number of Visits	Pages	Hits	Bandwidth
2020	13,967	20,729	133,294	321,096	10.66GB
2019	5,286	7,539	35,602	95,910	2.80GB

Want to get those number up by offering fresh content.

We are looking to add educational information in compliance with out 501c3 mandate.

Links to Educational Talks done by third party (NPS, State Parks, Historical Societies, etc)

We are also looking at generating our own original content.

I want to address a question I get frequently from some of our member units.

Question: Why is the census and Insurance online? What happened to the good old days of sending everything via snail mail or email?

Answer:

#1) The idea is to make the census and insurance available to anyone on the E-Board that needs. This means that Department Coordinators can simply pull your insurance information for an event without having to chase you down.

#2) Historical records. Unfortunately, the census data that we've collected over the decades seems to have gone missing. Maybe it's sitting someone's attic, and someone will find them in 200 years. The fact is, we can't see historical trends of units. Are units growing? Are units shrinking? Who was the commanding officer in 1998? When did a unit join the CL?

For a group of historians who spend so much preserving American history, up until now, we've done a poor job of preserving our own history.

As many of you well know Yahoo groups is now dead. About a year ago, Officers_Mess@continentalline.org was setup to allow communication between unit leaders. It currently does not archive the messages, but that is something we are looking in to. The list is generate from the emails that are submitted via the census.

What's been done with the website over the past year?

Completed Improvements for 2020

Greatly simplified the process of updating unit insurance on the site

Units can reset their own password

Created documentation for password reset, logging in and updating insurance

Code optimization for automated emails.

 Emails are sent more reliably

 Emails are marked as trusted (Less chance of them going to Spam)

Ongoing improvements

 Auto Add of Emails into Officer's Mess. Scripts are complete, process is not fully automated.

 Unit Roll Call Database

 When Units Joined the CL, Sponsor Info, Alternate Impressions

 Full automation of insurance and census reminders

Compliance Committee Report

MEMORANDUM

TO: Steve Santucci (Chairman, The Continental Line, Inc.)
FROM: Thaddeus J. Weaver (Chairman, Compliance Committee)
SUBJECT: 2020 Report of the Compliance Committee
DATE: January 7, 2021

The Compliance Committee was formed in 2014 to address insurance and such other compliance and management issues faced by The Continental Line, Inc. (the “Corporation”) that may be assigned to it by the Chairman and/or Board of Directors. The Committee currently consists of the three Departmental Coordinators and Mr. Weaver (the author of this report). The following issues addressed by the Compliance Committee and its Chairman in 2020, are of note:

1. Advising the Board as to the informational rights of directors, and the informational rights of member units (and their respective members), under Pennsylvania law.
2. Advising the Board as to the operation of “emergency bylaws” pursuant to 15 *Pa.C.S.A.* §5509.
3. The right of the Corporation to provide notice to the membership by electronic means pursuant to 15 *Pa.C.S.A.* §5702(a)(ii).
4. The right to conduct meetings via electronic means, pursuant to 15 *Pa.C.S.A.* §5708.
5. The right of the Board to act by unanimous consent in lieu of a meeting, pursuant to 15 *Pa.C.S.A.* §5704(a).
6. The review of an applicant unit’s proof of insurance to determine compliance with Section 2 of the bylaws of the Corporation.
7. Reviewing a draft of the Corporation’s public statement in response to the conduct of a non-member at the 2020 meeting.

Northern Department Report

Good Morning, its good to see everyone today,

Some of the members of the Northern Department took part in the Boston Massacre and not long after that as we all know everything shut down. During the year there were a few small private events, the 1st New York in particular did a few weekends at nicks farm and the event at Fort 4 took place on a smaller scale. The Department held its first zoom meeting just last month and we plan on holding more to keep everyone involved and share event information.

We have formed a 250th committee in the department to coordinate the upcoming events. They won't be running the events but will be more of a clearing point to share information. More on this will be out soon.

For 2021, we have a full schedule, and the planning is underway. We will see what happens.

David Bernier
Northern Department Coordinator

Southern Department Report

The 2020 season for the Southern Department started off with early events such as Cowpens and the American Heritage Festival in Lake City SC. As we prepared for Guilford Courthouse, we went through various gyrations if the event would go or not. Ended up being canceled due to state restrictions, which would become the norm and standard practice throughout the year. Starting May, some units participated in small, local events, to include 4th of July celebrations. By the fall, most states in the Southern Department began to relax the restrictions, and began to allow small scale local events. Some were tailored, such as the Walnut Grove event in SC was done "Virtually" via live feeds, and drive by events where reenactors and demonstrators were spaced out a road and the spectators drove by.

The biggest success story was the 240th Anniversary of the Battle of Camden. After trying to work with the Director of Historic Camden where the event has been held for over thirty years, she was not as flexible, not willing to work with the reenactors which became an issue. The main issue was the size requirements due to the COVID spacing, with the number of units showing interest, would not fit on the site. A new organization was created (Southern Campaign 1780) along with the education portion (Liberty Live) began planning in earnest in June. Between donations, such as the support from the Continental Line, the event was hosted on a private 550-acre farm that was rural and away from modern distractions.

After securing the necessary permit from South Carolina, the event had units begin showing up on the Thursday prior, as Friday was a Liberty Live sponsored school event. This event was set up with reenactors and demonstrators in 28 stations that 750 school kids and their teachers participated in. The event of Saturday to Sunday saw over 800 reenactors, Sutlers, and Demonstrators, over 1200 spectators in the COVID environment. The event was well received by both the public and the reenactors. Based on what information we have today, no one who attended or participated in the event has tested positive for COVID.

Erick Nason
Southern Department
